CHEAP GAS AND CHEAP INSURANCE.

The insurance agents don't seem to hanker after a discussion of the question of rates.

The grand jury of Magoffin County returned 161 indictments at a recent session of court, 51 of which were for bribery in elections.

The grand jury of Fleming County has returned twenty indictments at the present term of the Circuit Court, and is still in session.

The County Judge of Bourbon County fined thirty-seven men \$7.50 each, the other day, for refusing to work an old public road.

A SHIPMENT of over three hundred fat cattle was made last week from Lexington to Liverpool, Eng., by way of the C. and O. railroad.

The Democratic State Central Committee will meet at Frankfort on the 23rd of this month to fix the time and place for holding the next State convention.

Is the cost of insurance now any less than it was before the completion of the waterworks? Let us hear from some one on the subject, but don't all speak at once.

The property-holders ought to get insurance a good deal cheaper now than they did before the completion of the waterworks. If they do not, whose fault is it?

A FIRE doesn't stand any show at all when it comes in contact with a stream of water from the Mayville waterworks. Hence, insurance ought to be pretty cheap in this city.

MAJOR AMES, the recent Democratic candidate for Governor of Minnesota, will contest the election of his opponent, McGill, on the grounds of gross irregularities. McGill's plurality was only 2,500.

HON. JOHN D. HARRIS, of Madison County, is a Democratic candidate for Governor, provided the State Central Committee will give him time to see the people before the convention comes off.

THERE are six candidates for the Cynthia postoffice already in the field, and the number, it is said, will be increased to a dozen or more in a few days. The commission of the present incumbent will expire on the 20th of next month.

D. S. FOTHERINGHAM, the messenger, who, "Jim Cummings" says, is innocent of the big express robbery, has been indicted for the off-nose. When arraigned the other day, at St. Louis, he pleaded not guilty, and was remanded to jail. Cummings should go to his relief at once.

HON. M. H. HICKEY, County Judge of Boyd County, has announced himself as a Democratic candidate for Register of the Land Office. At the last August election, he was chosen Judge by a majority of 110, although his county is Republican.

THE administrator of the Botta's estate of Fleming County has announced himself \$7,000 for his services. He asked \$15,000. His attorneys in the case, Andrews & Sudduth, were allowed \$10,000. These are big fees, and their like is not picked up in country towns every day, by any means.

MR. HAWTHORNE Hill, one of Kentucky's brightest journalists, has resigned as managing editor of the Louisville Commercial, and will either accept a position on the Courier-Journal staff, or return to his city, which was his former home. Dan E. O'Sullivan will hereafter be editor-in-chief of the Commercial, so report says.

GENERAL JOHN W. FINNELL, a prominent attorney of Covington, has assigned for the benefit of his creditors. His liabilities amount to \$18,000, and his assets will hardly reach that sum. It's not very often that one hears of a lawyer failing. Mr. Finnell will remove to Denver, Colorado, as soon as his affairs are settled.

THE result of the late election is the only instance in which a Democratic administration has, since Van Buren's time, obtained a majority of the House in its second Congress. Polk lost the House in 1845, Pierce lost it in 1854, Buchanan lost it in 1858. The opposition has not fared much better. Tyler lost it in 1842, Fillmore in 1849, Grant in 1874, Hayes in 1878 and Arthur 1882.

Lincoln carried the House his second year, but the South was not represented in that Congress, and in the election of 1862, Lincoln suffered more severely than the present administration has at the late election. Grant held the House in 1870, but lost it by a decided majority in 1874—Exchange.

A Battle on the Tariff.

In the present House of Representatives there are but four Democrats, we believe, from the New England States. In the next there will be eight, the Democrats having gained four at the recent election. With one or two exceptions these eight Representatives were all elected, we understand, upon a "tariff reform" platform. In the Second Rhode Island district, the Democratic candidate, Judge Bradley, gained a phenomenal victory after a hot canvass "based wholly upon civil service and revenue reform."

Of the campaign in Massachusetts, the Boston Herald, an independent journal, remarks: "The contest which took place in this State, whatever it may have been elsewhere, was a battle on the tariff. For the first time within this generation the lines were drawn and the issue made on this subject. If the Democracy had shown the boldness two and four years ago that it has exhibited in the last six weeks, it would have swept over Massachusetts like a whirlwind. But the victory gained, although not complete, is too significant to be mistaken. Those Republicans who are returned, with one exception, go back with reduced majorities—a warning of future defeat if they persist in the course they have thus far followed. Those Democrats who have been elected have been chosen upon a solid tariff reform basis, and with one exception, distinctly owe their election to their tariff reform professions. The result is one which will not be overlooked either here or in Washington. If, by the advocacy of tariff reform, a political party which for forty years has been helplessly in the minority can make tremendous gains in a State supposed to be irretrievably given over to the delusions of protection, it needs no prophet to foretell that the days of protection are numbered; for, as it is no longer as popular support, it only requires vigorous action on the part of its opponents to bring about its speedy overthrow."

Criminal Prosecutions.

Below we give the cost of criminal prosecutions in the various judicial districts for the past year. As will be seen there is but one district in the State where the prosecutions cost less than they did in this, the Fourteenth. "Honor to whom honor is due." We believe the light expense to which the State was put for criminal prosecutions in this district is due largely to the prompt action of our efficient Circuit Judge. Here are the figures:

FIRST DISTRICT.	
Judge James Campbell.....	\$7,129 97
Judge J. R. Grosb.....	5,896 42
THIRD DISTRICT.	
Judge B. C. Chasell.....	7,008 54
Judge L. P. Little.....	6,428 92

EIGHTEENTH DISTRICT.	
Judge C. A. Hardin.....	8,700 17
Total.....	\$308,272 22

Pithy Points From Washington.

We hear that the colored churches of Paris are going to turn out all their members who voted in favor of liquor at the recent election.

The only thing significant about such action is the fact that our colored brethren are putting their white brethren to blush, if the report is true, for white churches never do such a thing.

It looks like our churches were afraid of moving in the matter of getting clear of such church members as deliberately offend against their government, in the matter of selling whisky. That the whisky business, in any of its branches, is not compatible with church membership, to say nothing of Christianity, we don't think any man will dispute, but yet in almost all churches can be found individuals who are engaged in the traffic.

It is a crying evil that the church retains within her pale men who handle the accursed stuff, and the more so because the white men who do such a thing, as it does so for the money they are able to pay into the treasury. In view of such things, it is a matter of small wonder that the church is looked upon with so little favor, and given such a wide berth by so many.

If the money thus received at the hands of the men could be traced to its source, it would be found to have been wrung from famishing, starving women; from wretched and ruined houses; and to represent the price of blasted lives, blackened characters, and last, but not least, the price of blood.

Now, if the church would retain her high position, she must see to it that no man who lends his time and talents to the business, which is dead ruin to his fellow, shall be permitted to shield himself and his business within her fold. She must look to it that no money, the price of which is blood and dishonor, finds its way to the treasury of the Lord.

Citizens' Gas Light Company.

From November 1st, gas will be 75 cents per 1,000 feet until further notice.

CITIZENS' GAS LIGHT CO.

Renews Her Youth.

Mrs. Phoebe Chesley, Peterson, Clay County, Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50 cents at the drug stores of J. C. Pecor & Co., and S. P. Campbell & Co., of Aberdeen Ohio.

IMMUNITY FROM ANNOYANCE

Made only of the finest and best quality of glass for withstanding heat.

Every good thing is Counterfeited, and counterfeits are OATHED AGAINST IMITATIONS of these Chimneys made of VERY POOR GLASS. See that the exact label is on each chimney as above. The Pearl Top is always clear and bright glass.

GENERAL HAZEN'S REPORT

THE VALUE OF THE WEATHER INDICATION AND STORM WARNING.

He Recommends the Establishment of Signal Stations in the West Indies—Flag Signals—General Miles Interviewed.

WASHINGTON, Nov. 22.—Gen. Hazen, chief signal officer, in his annual report for the fiscal year ended June 30, 1904, says the weather indications and storm warnings of the bureau would become more valuable if regular stations were established in the West Indies and the symbols of the weather in the west and in British America. Reports received from the sea coast telegraph lines, in some cases, are of special value in the issuing of storm warnings and securing aid for stranded vessels. Valuable cargoes have been saved and vessels kept from wreck by information communicated over line by the signal service observers, and it should not only be maintained, but extended along more dangerous portions of the coast.

During the year the percentage of verification of weather indications was 82.70 per cent. Highly satisfactory progress is reported in the system of cold wave warnings. The system of flags to indicate the probable conditions of weather and temperature recently adopted by this service, has been universally commended by the public and the region over which they are displayed has greatly increased during the year and the office for want of funds, has not been able to supply the demand.

These flags are extensively displayed on lines of railroads and at railroad stations, and communicate by signal the weather forecasts of this service to many who are not within reach of the daily mail, and to those who are not supplied with the printed indications. Gen. Hazen recommends the establishment of additional station signal stations on the lakes to meet the demands of those interested in lake navigation, and to make this feature of the service complete. The coast region reports are becoming more valuable each year, and there is an increasing demand for the information furnished. These observations Gen. Hazen thinks should be made continuous throughout the year. Of the service generally he says: "It is growing, the demand for it is increasing, and much more work could be done in the distribution of weather forecasts, storm, frost and hail warnings if the appropriations for these branches of the service were increased."

Gen. Miles Interviewed.
WASHINGTON, Nov. 22.—Brig. Gen. Miles, commanding the department of Arizona, has arrived here. In an interview respecting the recent surrender of Geronimo and his band of renegade Apaches, the veteran Indian fighter said: "I feel that Geronimo and his followers are finally disposed of, and they appear to be perfectly satisfied that they have been properly treated. The surrender was an absolute surrender."

"Which," suggested the interviewer, "is the same thing as a capture?"
"It is regarded by military law," replied the general adding, "the only object that is a land of warriors could have in surrendering absolutely and throwing themselves in mercy of their captors, is the hope that for doing so their lives may be spared, but, of course, I could not grant them a pardon. That lay with the president. It was for him to do with them as he thought right. Now they have all been finished from their bones, everything has been taken from them, and they have been removed to a place hundreds of miles away, where they will be no farther off from an outbreak in the future."

The general is here on a furlough—not on official business, and will remain in this post after spending a few weeks with his family.
Permanent Expedition Board.
WASHINGTON, Nov. 22.—The success of the meeting of the board of promotion of a permanent expedition, to be held here on December 7 next, is now practically assured. Encouraging responses are coming in from all over the country. The following gentlemen have written Secretary Anderson their intention to be present: Ex-Senator Henry G. Davis, of West Virginia; Congressman Wallace, of Louisiana; Mayor Smith, of Philadelphia; Mayor McGraw, of Virginia; Henry McKenna, of Baltimore, delegates of the National Congress, Philadelphia; the secretary of the board of agriculture of Louisiana; the president of the Detroit Merchants' and Manufacturers' exchange; the secretary of the Oil City (Pa.) board of trade; the president of the Cleveland, O. Detroit, Mich.; New Haven, Conn., and Des Moines, Iowa.

Report of the Naval Bureau.
WASHINGTON, Nov. 22.—The annual report of the naval bureau of ordinance was made public today. The bureau estimates for next year aggregate \$2,741,494. During the year a considerable number of six-inch high power steel guns have been tested and tested with very satisfactory results. It has been demonstrated that cast iron is not a suitable metal for projectiles for the high power guns, and efforts are being made to substitute steel. All the ordinance work for the new cruisers is in an advanced and satisfactory state, and designs and preliminary plans have been arranged for armoring the additional vessels, for which appropriation was made last year.

Congressman John Arnot Dead.
WASHINGTON, Nov. 22.—News of the death of John H. Arnot, of the Twenty-eighth congressional district, New York, embracing Chemung, Schuyler, Seneca and Tompkins counties, has reached here. Mr. Arnot has been ill for several months past, and the announcement of his death was consequently not much of a surprise to his many friends at the national capital. The congressman's home, where he died, was at Elmira, N. Y.

Lynchings, Nov. 22.—The cattle plague among the herds on the Blue river, forty miles southwest of here, still continues. Up to this time twenty-one head have fallen from the mysterious disease, which is supposed to be rabies. About two months ago a mad dog was seen to enter two pastures and bite a number of cattle in the same ranch. Dr. Billings, of the veterinary school of the Nebraska university, returned yesterday from the Blue River country, where he has been for the past few days, investigating the trouble among the herds. He said that it was singular that fifteen cattle died within a period of forty-eight days after the attack. All that died showed the same symptoms, exactly corresponding to those given by veterinary authorities, as those of rabies in cattle. Several of the dead heads did not bite or gnaw the spot of the wound.

POINTED PARAGRAPHS.

People of the Times Often in a Tense and Spicy Manner.

Criticism has broken out at Buenos Ayres. District messenger boys of New York struck against an unjust system of fines and won.

In a recent battle in Burma sixty natives were killed.

A strike of 30,000 cotton-mill operatives is imminent at Fall River, Mass.

The first monument to the Confederate dead at Gettysburg was dedicated Saturday.

A steamer from Queensland, carrying 110 laborers, sunk with all on board in the Pacific.

The state board of health has issued a circular on typhoid fever, its cause, prevention and treatment.

Three eloping couples from the mountains of West Virginia, were married at Ironton, O., Saturday.

Twelve New York aldermen received \$20,000 for their votes in favor of the Broadway street two years ago.

Appraisers at Chicago allow but little over 100 per head for condemned cattle afflicted with pneumo-pneumonia.

New Orleans treasury is empty and city employees are facing Christmas month without any pay forthcoming.

A large summer hotel at Middletown, N. Y., in course of construction, was totally destroyed by Wednesday's storm.

FANCY GOODS.

YOUR HAIR

should be your crowning glory. Ayer's Hair Vigor will restore the vitality and color of the hair that has become thin and faded; and, where the glands are not decayed or absorbed, will cause a new growth on bald heads.

MAY the youthful color and vigor of the hair be preserved to old age! Read the following, from Mr. G. Norton, Somerville, Mass.: "I have used Ayer's Hair Vigor for the past 30 years; and, although I am upwards of 60, my hair is as abundant and glossy to-day as when I was 30."

BE assured, that a trial of Ayer's Hair Vigor will convince you of its powers. Write: M. E. Goff, Leaville, Colo., writes: "Two years ago, my hair having almost entirely fallen out, I commenced the use of Ayer's Hair Vigor. To-day my hair is 29 inches long, fine, strong, and healthy."

RENEWED and strengthened the use of Ayer's Hair Vigor, Geo. By A. Dudson, Waterloo, Mo., had his hair restored to its original healthy condition. He was nearly bald, and very gray. He writes: "Only four bottles of the scalp, my head was covered with hair, and the hair dry and harsh. Ayer's Hair Vigor gave me immediate relief, cleansed the scalp, and rendered the hair soft and pliable."

Ayer's Hair Vigor, PREPARED BY DR. J. C. AYER & CO., Lowell, Mass., U. S. A. For sale by all Druggists.

One for Files. Files are frequently procured by a sense of sight in the back, and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion, producing a very disagreeable feeling, after eating, may arise, a common attack of indigestion, and itching piles, may be mistaken for the application of Ayer's Hair Vigor. Beware, which acts directly upon the part affected, of scratching the tumors, allowing the infection to enter, and affecting the permanent cure. Price 50 cents. Sold by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.
